TEACHING STATION MICROPHONE OPTIONS

DISINFECTING WIPES ARE AVAILABLE TO WIPE DOWN THE TEACHING STATION AND ANY SHARED EQUIPMENT PRIOR TO USE. THE WIPES ARE GENERALLY LOCATED ADJACENT TO THE CLASSROOMS.

01 BUILT - IN MICROPHONE

- Your full - sized teaching station comes with a built - in gooseneck microphone. This microphone has a wide range of motion and can be easily repositioned to suit your needs.

- To use simply turn on the microphone from the teaching station touch screen and speak into the microphone.

Podium Microphone

02 WIRELESS LAVALIER MICROPHONE

- Should you wish to be mobile while teaching we also supply a lavalier microphone, this is stored in a magnetically locked compartment of the teaching station.

- To use press the "Unlock Microphone Cabinet" button on the teaching station touch screen to unlock the closet. Attach the battery pack to your belt or pocket and the microphone portion to your shirt as close as possible to your mouth. Turn on the battery pack and start speaking.
