

SIVERLIGHT BASE WITH CASTORS

CHROME BASE WITH GLIDES

CLASSROOM TABLE

OSM APPROVED / RECOMMENDED FOR UofT CLASSROOMS

KI TREK

Manufacturer: KI Canada

Product: Trek Table

http://www.ki.com/products/15/1466/Contract_Tables/Trek_Tables/.aspx?ncat=3&sitecat=51

Vendor: Reeves Group - working directly in conjunction with KI

Allison Sitlani, allison@trgagents.com, 416-925-0669

Unit cost (ballpark): \$300 24x60" no flip; \$450 30x60" flip-top

Warranty: 10 Years

Standard OSM options:

Laminate top

Kensington Maple finish

Light Grey 74P edge (durable & low-profile vinyl edge)

Castors

Frame in 'Silver Starlight' or upgraded to Chrome

Other options available:

Glides (feet rather than castors)

Flip-top (2-handle; single bar option may now be available)

Knife edge

Variety of colours

Height pin-adjust is available

Currently installed in: OISE, Social Work

FLIP-TOP FOR NESTING (SHOWN WITH ASYMMETRICAL Y-LEG; OSM PREFERS THE SIMPLER SYMMETRICAL Y-LEG)
NEWER VERSION AVAILABLE WITH SINGLE BAR FOR ACTIVATING THE FLIP, RATHER THAN 2 LEVERS

Applications:

- Loose table for any classrooms (student table or professor table)
- Allow min 24" width/student, ideal is 30"+ per student (width)
- Standard classroom depth is 18 - 24"
- OSM usually orders (for 2 students/table): 2x4' table if tight spacing is required, prefer 20x60, 24x60 or 30x60 if space allows. 30x60 also functions as a small group-work table - order with legs inset 10" from the sides to allow seating on all sides
- Legs mounted independently on underside of table allowing them to be placed 10" from ends, to allow end-table seating
- 'Y' leg allows feet to go underneath when sitting at end (preferred to 'T-leg')
- Superb welding and construction on the legs - durable and attractive

The Trek table is the newer OSM standard classroom table because of its excellent construction, practical 'Y-leg' design and variety of options.
